A Legacy of Elegance and Quality

## Our Heritage:

Established in 1969, Double You began its journey as Desert Furniture, marking its first presence in Deira's pioneering commercial infrastructure. The original name reflected a deep bond with the Emirates' heritage and the historical trade routes that flourished across the region. As we embraced the new millennium, the group evolved into ALTamimi Furnishings, symbolizing our commitment to growth and innovation.

In a tribute to our roots and guided by the visionary principles of our founder, we revitalized our original essence with the Sahara Furniture Factory in 2010. The launch of Double You at the dawn of the millennium's first decade underscored our mission to cater to a broad demographic with luxury, quality, and unparalleled design in furniture, curtains, and interior decoration.
